

The CD cover features a blue background with a central graphic of a probe emitting two sine waves, one blue and one red. Below the probe are two overlapping software window screenshots: one showing a time-domain waveform and the other showing a frequency spectrum. The title 'SignalAnalyzer' is prominently displayed in a white, bold, sans-serif font. Below the title is the tagline 'Analyze your Measurement Technology in a simple way...'. In the top left corner, there is a small icon of a magnifying glass over a waveform. At the bottom left, the website URL 'http://www.signalanalyzer.de' is printed in white.
